**SUPPLEMENTARY INFORMATION:** The Presidential Advisory Council on Combating Antibiotic-Resistant Bacteria (PACCARB), established by Executive Order 13676, is continued by Section 505 of Public Law 116-22, the Pandemic and All-Hazards Preparedness and Advancing Innovation Act of 2019 (PAHPAIA). Activities and duties of the Advisory Council are governed by the provisions of the Federal Advisory Committee Act (FACA), Public Law 92-463, as amended (5 U.S.C. App.), which sets forth standards for the formation and use of federal advisory committees.

The PACCARB shall advise and provide information and recommendations to the Secretary regarding programs and policies intended to reduce or combat antibiotic-resistant bacteria that may present a public health threat and improve capabilities to prevent, diagnose, mitigate, or treat such resistance. The PACCARB shall function solely for advisory purposes.

Such advice, information, and recommendations may be related to improving: the effectiveness of antibiotics; research and advanced research on, and the development of, improved and innovative methods for combating or reducing antibiotic resistance, including new treatments, rapid point-of-care diagnostics, alternatives to antibiotics, including alternatives to animal antibiotics, and antimicrobial stewardship activities; surveillance of antibiotic-resistant bacterial infections, including publicly available and up-to-date information on resistance to antibiotics; education for health care providers

and the public with respect to up-to-date information on antibiotic resistance and ways to reduce or combat such resistance to antibiotics related to humans and animals; methods to prevent or reduce the transmission of antibiotic-resistant bacterial infections; including stewardship programs; and coordination with respect to international efforts in order to inform and advance the United States capabilities to combat antibiotic resistance.

The September 12-13, 2022 public meeting will be dedicated to a One Health AMR and Pandemic Preparedness Policy Workshop with the goal of identifying key issues and critical policy gaps through a series of facilitated discussions examining a hypothetical large-scale disease outbreak scenario based on historic examples and estimates of future AMR outbreaks. The meeting agenda will be posted on the PACCARB website at <http://www.hhs.gov/paccarb> when it has been finalized. All agenda items are tentative and subject to change.

Public attendance at the meeting is limited to the available space. Individuals who plan to attend and need special assistance, such as sign language interpretation or other reasonable accommodations, should notify the PACCARB by emailing [CARB@hhs.gov](mailto:CARB@hhs.gov) at least one week prior to the meeting. For those unable to attend in person, a live webcast will be available. More information on registration and accessing the webcast can be found at <http://www.hhs.gov/paccarb>.

Members of the public will have the opportunity to provide comments during and prior to the PACCARB meeting by indicating their preference in their registration available on the PACCARB website at <http://www.hhs.gov/paccarb> and/or by emailing [CARB@hhs.gov](mailto:CARB@hhs.gov). Public comments can also be sent in by mail, and if so, correspondence should be sent in by midnight September 5, 2022, and should be limited to no more than one page. All public comments received prior to September 5, 2022, will be provided to PACCARB members. Additionally, companies and/or organizations involved in combating antibiotic resistance have an opportunity to present their work to members of the PACCARB during an Innovation Spotlight. Pre-

registration is required for participation, with limited spots available. All information regarding this session can also be found online at <http://www.hhs.gov/paccarb>.
